RE: Surety Arrangement with Plateau Resources, Shootaring Canyon Processing Facility, ACT/017/016, Garfield County, Utah

Plateau Resources recently proposed a surety arrangement linked to the NRC letter of credit and the NRC reclamation cost estimate. Presently, the NRC letter of credit is updated and escalated annually to account for inflation and any other changes at the site.

The Division does not have a memorandum of understanding with regards to bonding with the NRC. The details of this special arrangement are not yet available.
